Financiers Claim Surety Companies Have Not Fraction of Capital

Local Stock Exchange to Remove Price Limitations On and After April 15-Bonds Active.

Washington bankers, while not hesitating in the least to express their opinion of the proposed surety company guaranteee of bank deposits, as adanced by John Skelton Williams, controller of the currency, do not care to

Not one banker interviewed on the subject favored the plan; the impos-sibilities of such a measure were freely commented upon, in no way stronger than by reiteration of the fact that it required the united effort of practically Balto & Ohio com... 721/2 731/2 723/4 723/4 all of the big bonding corporations to furnish a bond for the executor of the estate of the late Charles Post, the

Battle Creek manufacturer.

This estate amounted to only \$21,000,-000. Washington banks alone have over \$75,000,000 deposits; the National City Bank of New York has \$301,000,-000 deposits, and there are billions of deposits in and out of the banks in the federal reserve system.

deposits in and out of the banks in the federal reserve system.

One banker made this statement: "It would be unfair to insure the deposits in one bank and not in another—in all institutions. The surety companies will bond a fixed sum of deposits, within their charter limitations, as they are restricted to a certain percentage of their capital in their surety operations, but they would never consent to undertake to bond varying, fluctuating deposits."

Another banker, when asked his views on the matter, said:

There was the usual activity in bonds on the Washington Stock Exchange today to the general neglect of stocks. The feature of the session was the weakness in Washington Gas 5s, which have lately been selling at 104 and even better. A transaction was reported at 103, % of a point off from the asking price of Monday and the figure at which the recent issue of \$600,000 bonds was sold.

Traction 5s were also easier, selling at 104 and 104%. Washington Railway and Electris 4s were in good demand at \$14.

NEW YORK.

NEW YORK, April 6.—The cotton market made new high records for the season during today's early trading. Liverpool showed unexpected strength, being some 7 or 8 English points better than due on the New York close of yesterday, and after opening steady at an advance of 7 to 10 points the local market sold 13 to 16 points net higher, with December contracts reaching practically the 10%-cent level. There was heavy realizing at this advance, and prices eased off 3 or 4 points from the best, but the market held very steady and there was a good demand from Wall street and commission house sources. Futures opened steady; May, 9.86; July, 10.15; October, 10.50; December, 10.68; January, 10.73.

The market continued firm late in the forenoon and active months sold about 16 to 20 points net higher on a broadening outside demand, much of which appeared to come from southern sources. Liverpool was also a good huyer here, and the foreign demand, combined with the continued large movement to the ports, seemed to create bullish sentiment as to a continuance of the export movement, in spite \$150.

UNDER HEAVY SELLING

931/2 Early Gains Are Lost, But Recoveries Follow With Reading a Leader.

> Amalgamated Also Helps to Steady the Market. Which Is Irregular in Spots.

NEW YORK, April 6, 10:30 a.m. Prices were again pushed upward at the outset of today's market operations, all the leaders, as well as numerous specialties, participating in reater or less measure. Bethlehem Steel repeated familiar daily performance of a new high rec-ord, opening with a block of 1,200 shares at 93 to 94, and then rising to

94%, an overnight gain of 2 points. Union Pacific, Great Northern, Northern Pacific and Atchison were up a point or more, in most instance at-taining their best prices this year.

Selling for Profits.

Some heaviness was evinced by Pennsylvania, Baltimore and Ohio, Chesapeake and Ohio and Smelting. Selling for profits soon caused reces

selling for profits soon caused teessions from the top.

Recurrent heavy selling met the initial advance, with the result that most gains were soon lost.

Commission houses reported a preponderance of selling orders, particularly in specialties.

Dealings Exceed 200,000 Shares. Dealings in the first hour again exeeded 200,000 shares, with some mod-

eration later. Bethlehem Steel lost most of its Bethlehem Steel lost most of its further rise, traders preferring to await the outcome of the annual meeting to be held later in the day.

United States Steel was under pressure and Union Pacific showed the effects of realizing.

Toward midday Reading and Amalgamated became features of strength, with irregularity elsewhere.

Bonds were steady.

Increased Strength Follows Reaction

Prices again reacted in the early afternoon in sympathy with the abrupt decline in Bethlehem Steel on publication of the proceedings at the shareholders' meeting.
Later the stock made substantial re-covery, with increased strength else-where.

A GREATER DANGER

Persian Kurds Expected to Make Trouble When Rainy Season Ends.

JULFA, Province of Erivan, Trans-caucasia, Russia, Monday, April 5, via Petrograd and London, April 6.-After several days of investigation in the Urumiah district of northwestern Persia, a correspondent of the Associated rontier in Russia, to file this dispatch. It is the opinion of well informed obervers that the situation of Christians in Urumiah probably will become more dangerous in a fortnight or so. When the rainy season comes to an end, which will in about two weeks, large movements of Kurdo-Turks are expected, and wander ing tribes of Kurds will pour down into the valleys to the west of Lake Urumiah. according to the traditional customs at harvest time. Already there have been some collisions between Kurds and Christians

at a point near Kotur, which is to the west of the river.

Work of German Emissaries. It is currently reported that Turco-Jerman emissaries have been active in ousing the Kurds. It is declared with authority in Urumiah that the German embassy at Teheran has been supply-ing a German resident of Urumiah with money and instructions how to use it, and a rich Urumian landowner, Medji Sultan, has received 20,000 Turkfsh pounds (about \$90,000) from the Turks.

Following the receipt of funds from the German embassy, the German resident of Urumlah in question started to bring the chiefs of the Kurds into some form of organization. At the same time the commander in chief of the Turkish forces opposite the Persian province of Azerbaijan, Ogevdet Pasha by name, was engaged in organizing Kurds and other Mussulman volunteers. Crowds of Christian refugees are at present returning from the Caucasus to their destroyed homes at Dilman (a town fifty miles north-northwest of Urumiah). Following the receipt of funds from

Orphans Need Assistance.
